Dear [REDACTED]

I hope you're doing well. I wanted to follow up regarding the status of the Respondents and ensure that JAMS has fully processed the New Amended Demand, which includes the additional parties I have served.

To confirm, the following Respondents have been served and should be included in this arbitration:

1. Maged Boutros
2. AMJ Services LLC
3. DRVM LLC
4. Sanofi-Aventis US LLC
5. Chattem Inc.
6. Quten Research Institute LLC
7. Deepak Chopra
8. Ashraf "Peter" Boutros
9. Osama Boutros (Sent service through law Firm GRSM - Haven't confirmed, alternate service in progress, expected completion soon)
10. Marie-Laurie Amiard-Boutros (Sent service through law Firm GRSM - Haven't confirmed, alternate service in progress, expected completion soon)

Additionally, I wanted to confirm that all necessary updates have been reflected on the case management platform, and that all Respondents and their legal representatives have been properly notified and included in JAMS' system.

Please provide an update regarding the current status of these Respondents in the case file and confirm whether any further steps are required from my end.

I appreciate your time and assistance in ensuring everything is properly recorded and processed. Please let me know if you need any additional clarification.

Best,

Jorden Hollingsworth

Dear [REDACTED],

I hope this message finds you well.

I'm following up regarding the arbitration matter Hollingsworth v. DRVM LLC et al. It has now been over five weeks since the initial amended filing, and formal service. I still have not received confirmation of an arbitrator assignment, nor any indication that the respondents have taken action to participate.

Since that time:

- I have filed whistleblower disclosures with multiple federal agencies, including the SEC, IRS, and Department of Labor.
- Due to the nature and public significance of the claims, I have begun publicly releasing exhibits tied to the arbitration and agency filings.
- Despite this, I've received no updates regarding fee payment or respondent acknowledgment, and we are well beyond the typical timeline for case movement.

At this point, I am respectfully requesting:

1. Confirmation on whether all necessary fees have been paid by the respondents.
2. A timeline or status update regarding arbitrator assignment.
3. Clarification on why this case has stalled, and assurance that extended silence or non-responsiveness will not be permitted to delay this process indefinitely.

This matter involves extensive documentation, public interest, and regulatory implications. Delays only risk enabling further harm, and I'm asking JAMS not to contribute to that. Please advise on what steps I should expect next.

Thank you for your attention to this matter. I appreciate your time and professionalism.

Sincerely,

Jorden Hollingsworth
