

**JAMS Commencement Disclosure (MKT0161)**

Hollingsworth, Jorden vs. DRVM LLC, et al.

JAMS administers approximately 20,000 cases per year. This report lists the numbers of cases JAMS has administered in the last five years involving any party, lawyer, or law firm in the present case. "Administered" means any case in which JAMS received a payment, regardless of which party (or parties) remitted payment. The numbers below do not include the present case. All branches of law firms are included. JAMS has more than 450 neutrals on its panel, and approximately one third of JAMS neutrals have an ownership share in the company. Each owner has one share.

Owners are not privy to information regarding the number of cases or revenue related to cases assigned to other panelists. No shareholder's distribution has ever exceeded 0.1% of JAMS total revenue in a given year. Shareholders are not informed about how their profit distributions are impacted by any particular client, lawyer or law firm and shareholders do not receive credit for the creation or retention of client relationships. JAMS typically serves this report on the parties at the commencement of a JAMS matter. This report is not provided to JAMS' neutrals and will not be provided to the neutral eventually selected for this matter. JAMS neutrals are not informed about matters handled by other neutrals and are not privy to the numbers of matters involving any particular company, lawyer or law firm other than matters in which they have previously served as a neutral.

Please note, cases administered by JAMS Denver are not included in this report. JAMS Denver is a licensee office and does not share the same case administration system as JAMS. If you would like disclosure information for Denver administered cases, please notify your Case Manager within 15 days.

Once appointed in this case, the neutral will issue his or her own required disclosures.
